

# The 2nd World Original Commodity Trade Fair In China

## Of This Fair

The 2nd World Original Commodity Trade Fair is bound to take place from 18<sup>th</sup> April to 22<sup>nd</sup> April in 2010. It is the second fair that exhibits natural plant, original & processed food, seafood, drinks & liquor, crafts & jewellerys, leather & textile, garment, cosmetics, daily consuming products, etc. Exhibitors or purchasing groups from different countries and regions will arrive in Tianjin, winning market of China.

Account for the increasing demands of domestic consumption, economy of China has emerged from the world recession and proceeded steadily. Export still plays an active role in China. Especially for Sino-Euro business, economic and trade cooperation has been in schedule for long. Frequent communication between the two continents will lead to continuous and innovative achievement for certain.

Last spring, the 1st World Original Commodity Trade Fair was held in 18<sup>th</sup> April and won a perfect completion. Located in Tianjin, the Fair obtained great support from Tianjin Municipal People's Government, the All-China Federation of Returned Overseas Chinese and China General Chamber of Commerce. Participants from over 30 countries and regions addressed a congregation to exhibit exotic products and accomplished negotiations with Chinese organizations. Meanwhile, foreign buyers will come to make a purchase on the exhibits of this fair.

Judging from the former amount of exhibitors, state ministry of commerce has already extended the scope, effectiveness and impressiveness of the forthcoming fair.  
Look forward to your participation.

### □ the City Of Tianjin (population: 10,000,000)

As one of China's municipalities, Tianjin is an important access to the Bohai Sea and an economic, cultural centre in Northern of China. Located close to Beijing, Tianjin connects the capital and the whole Northern of China to Pacific Ocean. As the central zone of Northeastern Asian International Cooperative District, it leads to economy and trade exchange. Meanwhile, with the population of 10 million, Tianjin has strong consumption capabilities and market potentialities itself.
