TRADE ASSOCIATION

NZCTA and HSBC are pleased to invite you to join us for cocktails and canapés at HSBC House for one of our highly popular workshops on China.

Our key note speaker is Todd Valentine, CEO of Elldex Packaging, manufacturers of flexible packaging products imported from China. You'll learn from him the tips and tricks, challenges and rewards of sourcing from China.

In addition HSBC will discuss the exciting new services HSBC now provides in light of the continued deregulation of the RMB currency and an update on the latest HSBC Trade Confidence Index results as they relate to China.

Thursday 14 October 2010
